WIELAND
ORTHODONTICS

Your comfort is our highest priority.

Meet Dr. Wieland:

Orthodontist

When she's not in the office, you'll probably find her hanging out with her partner, Christian, or cuddling with her two cats, Peaches and Pearl.

Meet Taylor:

Sterilization Technician

Taylor is a senior in highschool who has been helping with sterilization since November 24. While here she hopes to learn more and get more comfortable in this environment.

When she's not in school, she likes to hang out with friends, go shopping, work out, and just be outside!

Meet Elsie:

Dental Assistant

A few of her favorite things about working in orthodontics includes spending the day with lots of fun kids, making a difference in people's smiles, and interacting with new people every day.

In her free time she likes to work out, go shopping, and travel with her family.

WIELAND
ORTHODONTICS

Dr. Wieland takes the time to get to know her patients and designs each treatment to fit their specific smile needs and desires.

Your smile is yours forever, and we want to make it as easy as possible for you to receive the best orthodontic care whenever you need it.

Our staff will work with you to create a payment plan that fits your budget.

What is a Herbst appliance?

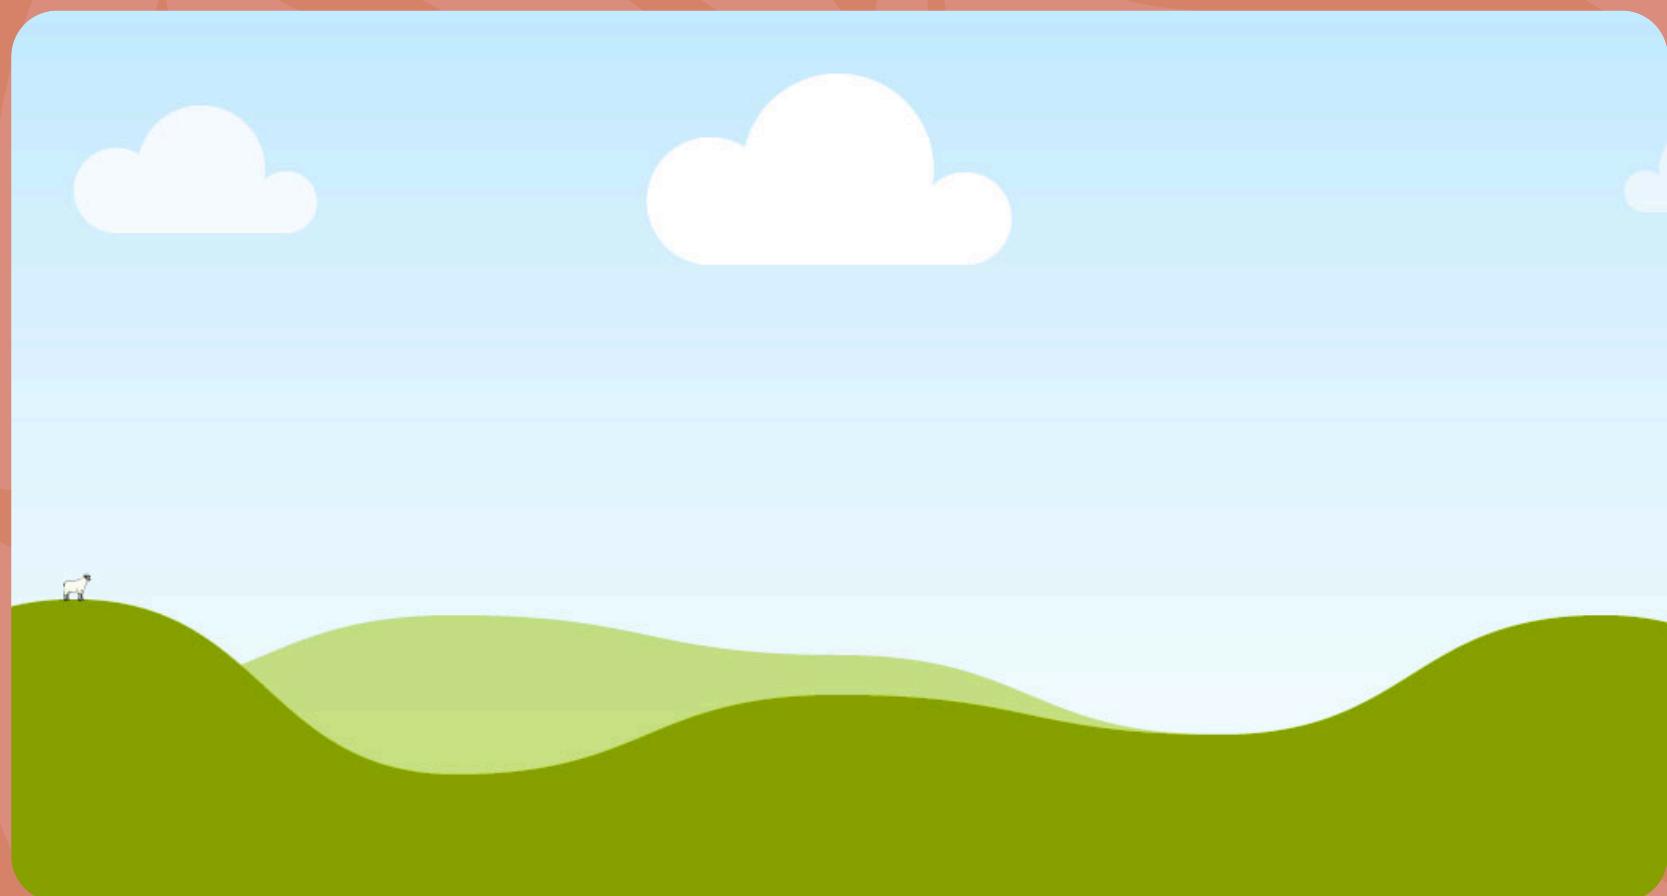

A Herbst appliance is a tube that is fixed to your child's molars and is able to control the jaw's position in relation to the upper teeth.

Why choose a Herbst appliance over Headgear?

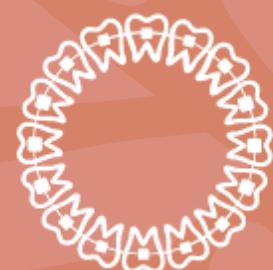

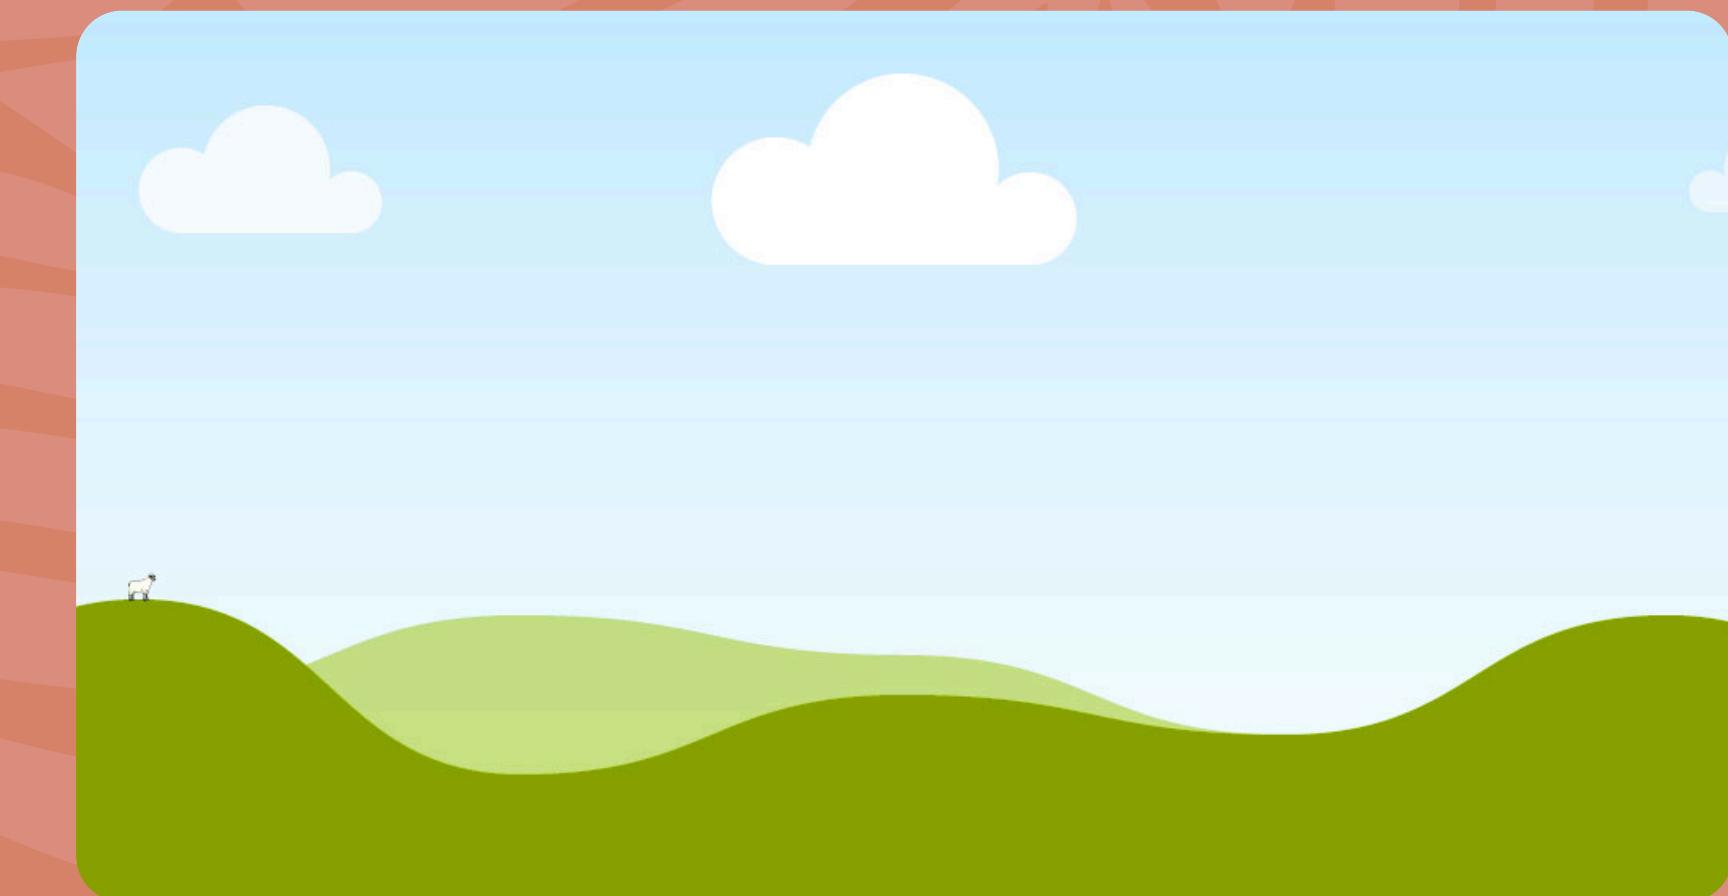

A Herbst appliance offers a significant advantage over headgear! It's securely attached and working 24/7, eliminating the need for 12-16 hours of daily wear.

On top of that, the Herbst appliance is less noticeable and feels less bulky.
