The background of the slide is a light cream color, decorated with a pattern of stylized tropical leaves. On the left and right sides, there are large, dark teal leaves with prominent veins and some holes, resembling Monstera leaves. Interspersed among these are smaller, bright orange and yellow leaves, some of which are simple fan shapes. The overall aesthetic is warm and tropical.

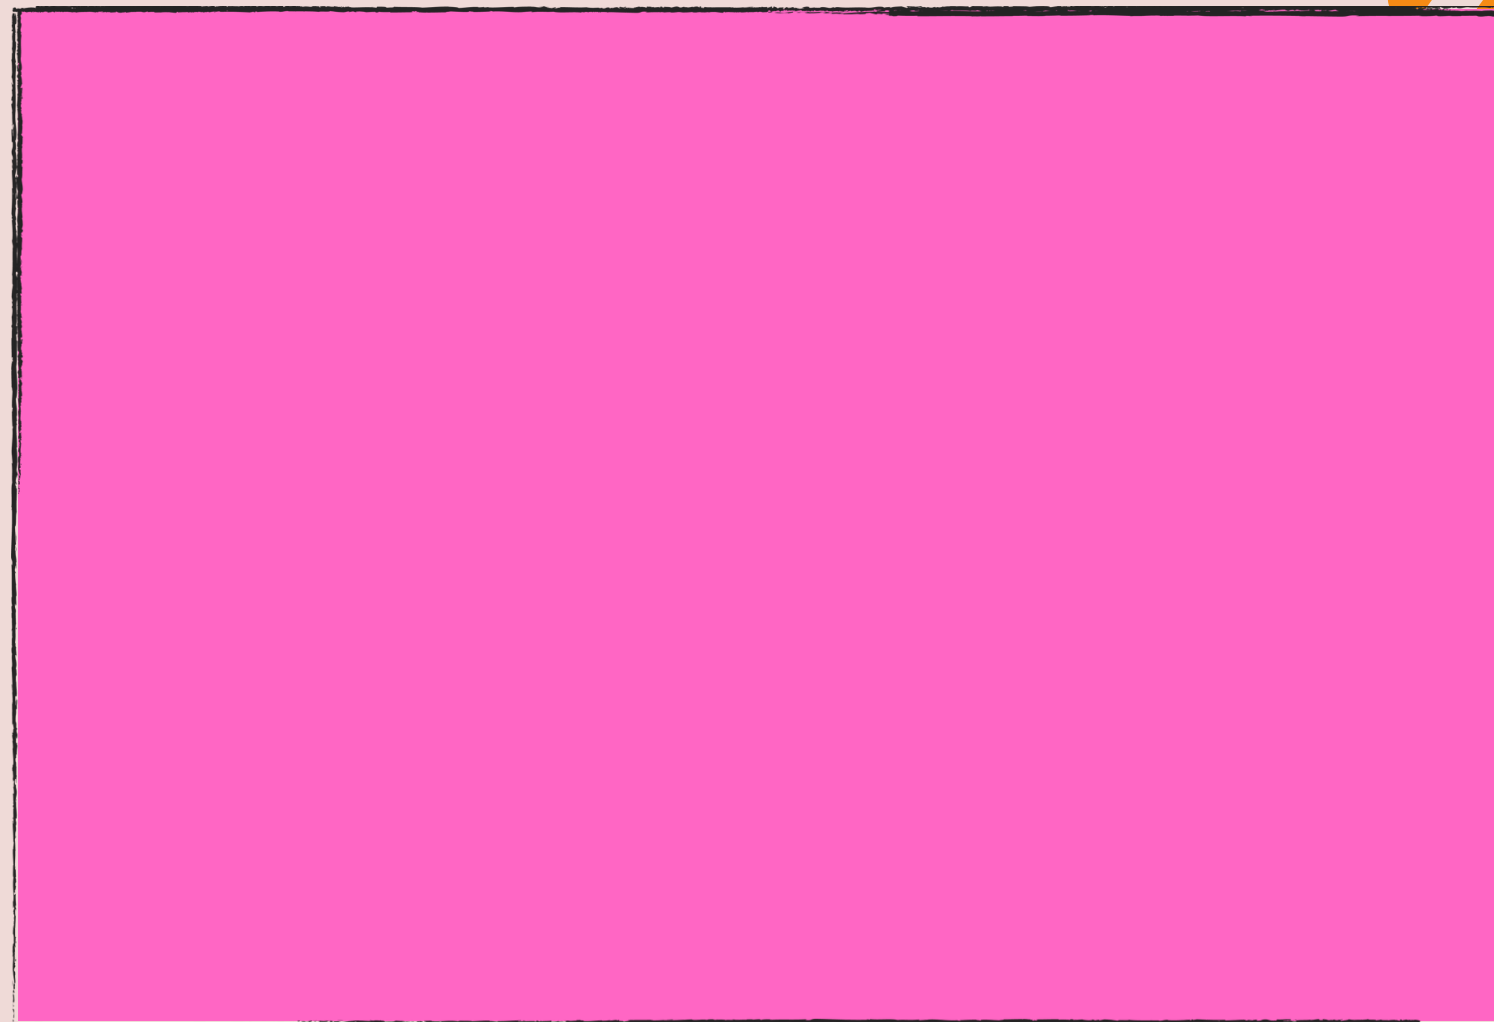

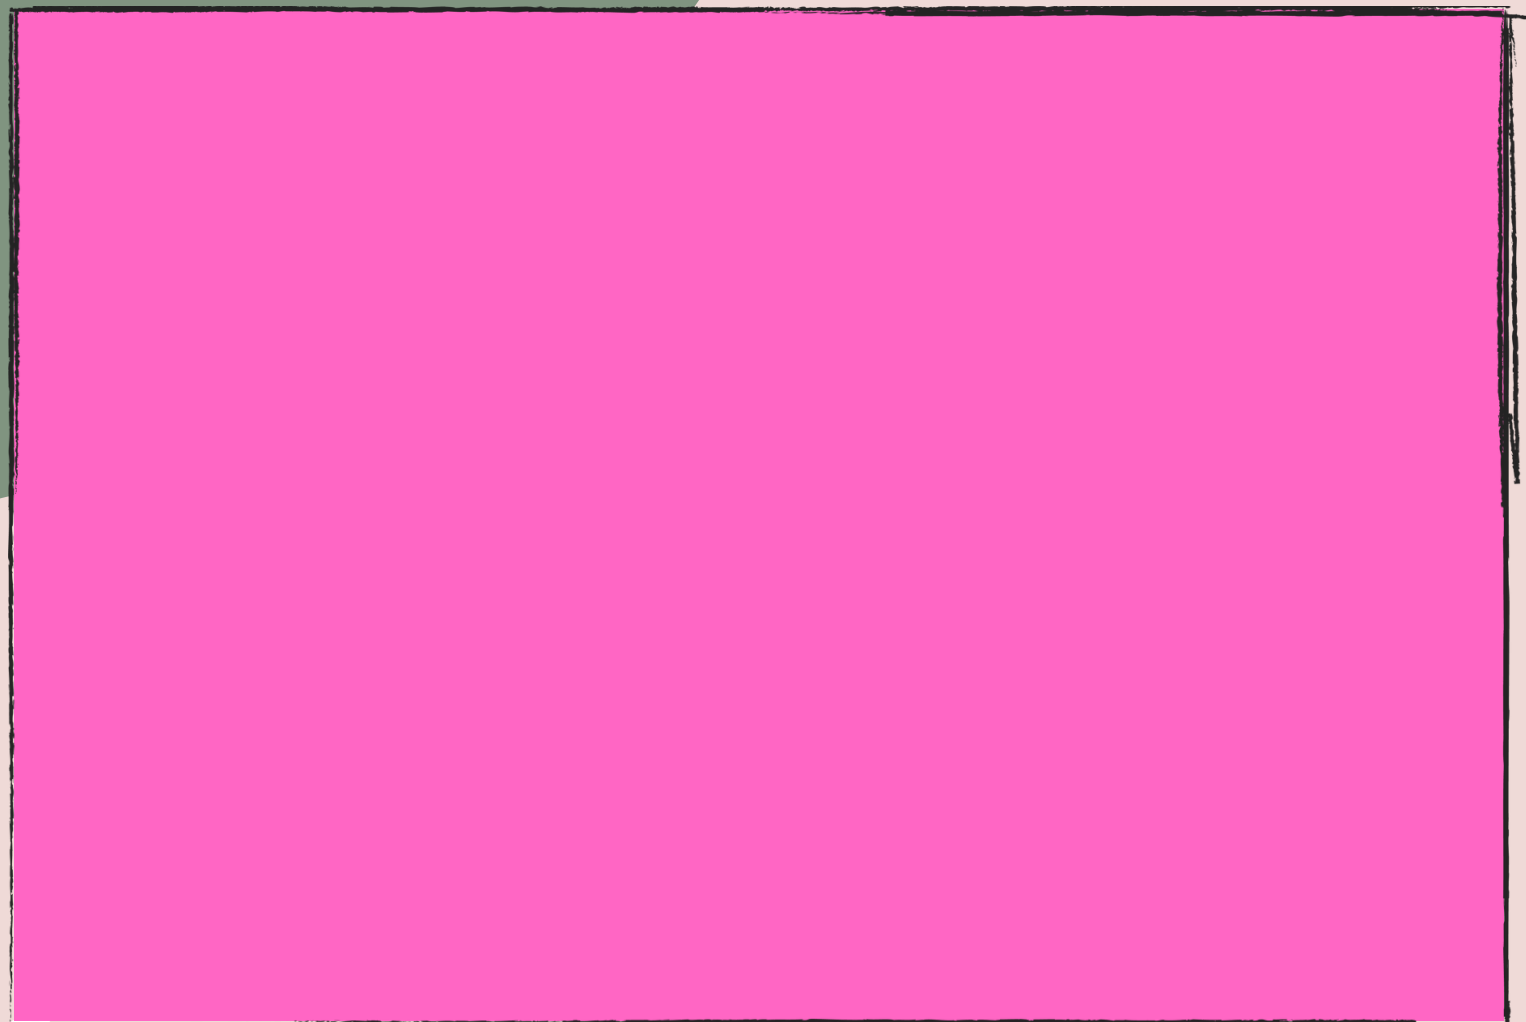

Started by Dr. Dung's father, David K. H. Dung in 1960, **Dung Orthodontics was one of the first orthodontic practices on Oahu** and has served the islands for generations.

Dr. Dung and Dr. Tom have made it their mission to continue this legacy for generations to come!

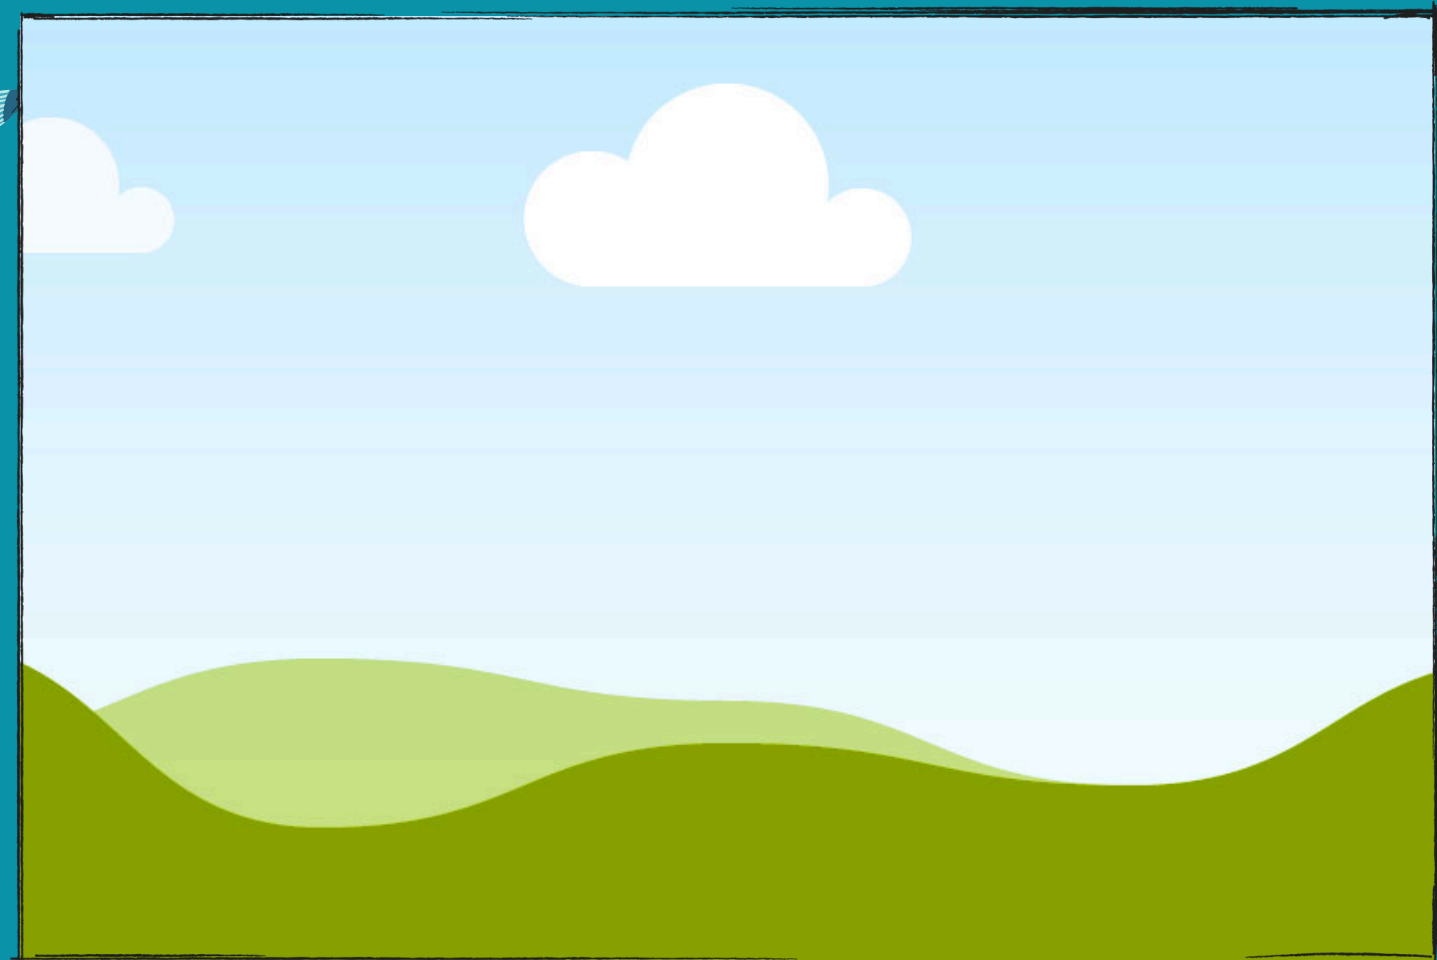

We offer discounted/special pricing for siblings and family members of patients.
